JAPAN AND AXIS SIGN MILITARY PACT

JAPANESE ARMY JOURNAL HURLS DEFIANT THREAT TO S'PORE AND BURMA: WESTERN POWERS WARNED

TOKYO, Sept. 27 (Reuter).—A defiant threat to Singapore and Burma was launched by the Extremist newspaper Kokumin Shimbun today in an outburst against Britain and America occasioned by America's loan to China and the embargo on scrap metal.

"If the British and Americans continue their unprovoked anti-Japanese stand they will get a telling blow which would not be limited to Burma and Singapore," the paper declared.

34 NAZI AIRCRAFT DOWNED

LONDON, Sept. 27 (BWS).—During yesterday's air actions 34 enemy aircraft were destroyed, one of them by anti-aircraft fire and the remainder by our fighters.

Two of our pilots, previously reported as missing, are now known to be safe.

GOEBBELS' PRESTIGE BOMBED

NEW YORK, Sept. 27 (Reuter).—"It is Goebbels' prestige which has been bombed as well, perhaps more severely than any aggregation of the German military objectives," writes the Miami News, commenting on the R.A.F. raids on Germany.

"British bombers appeared with some regularity over a dozen German cities, including Berlin. This is not according to script and is likely to have an abrupt effect on the security and psychology of the mass of German people."

CHANNEL GUNS IN ACTION

DOVER SHAKEN BY CANNONADE

LONDON, Sept. 27 (Reuter).—An artillery duel was fought across the Straits of Dover today. British long-range guns replying to the bombardment of the Dover area by German guns mounted on the French coast.

The cannonade began at 12.30 p.m. G.M.T. when a single German shell landed in the Dover area. More shells rocked the area and firing continued at the rate of two rounds every minute.

British guns answered the challenge and a lull ensued but 30 minutes later the bombardment was intensified, four salvos shaking the Dover area, but failed to cause damage.

Today's War Summary

A TEN-YEAR MILITARY and economic alliance was signed in Berlin yesterday between Germany, Italy and Japan. There are six terms to the Pact. Mussolini and the King of Italy sent messages to the Emperor of Japan on the occasion. Shanghai's reaction to the Pact is that it "isn't so bad as was expected." Count Ciano has arrived in the German capital to resume the Axis parleys.

NAZI RAIDERS were again over Britain yesterday and ten of the enemy aircraft were shot down. On Thursday the Germans lost a total of 34 aircraft destroyed. Mr. Herbert Morrison, on Thursday, spoke of the conspicuous failure of the Nazi raids. Meanwhile the Minister of Aircraft Production has appealed for more Defiant machines.

THE ROYAL AIR FORCE continued to raid Germany and sticks of heavy calibre bombs fell across the northern end of the Kiel dockyard and on shipbuilding yards.

UNREST IS REPORTED in Syria where several French officers have been arrested.

BRITISH PRESS COMMENT states that the fate of Indo-China cannot be a matter of indifference to either Britain or the United States.

JAPANESE RECOGNISE LEADERSHIP OF GERMANY, ITALY IN EUROPE

Political Status Of Three Powers In Regard To Soviet Russia Remains

BERLIN, SEPT. 27 (REUTER).—IT WAS ANNOUNCED OVER THE OFFICIAL WIRELESS THIS MORNING THAT A 10-YEAR MILITARY, POLITICAL AND ECONOMIC PACT BETWEEN GERMANY, ITALY AND JAPAN WAS SIGNED HERE.

By this Pact Japan recognises the leadership of Germany and Italy in Europe while on their side they recognise Japanese leadership in Asia.

The three Powers agreed to come to the assistance of each other if any one of them is attacked by a nation not at present involved in the war in Europe.

This means that Japan is not entering into the European conflict while Germany and Italy will not participate in the China hostilities.

The political status of the Axis Powers in regard to Soviet Russia remains as hitherto.

A News Bulletin broadcast from San Francisco last night announced the conclusion of the pact between Germany, Italy and Japan.

"News of major importance emanates today from Berlin and from the Orient," said the announcer. "A Tripartite Pact just concluded between Germany, Italy and Japan must be regarded as of major importance to world affairs."

"The signing of the Pact," the speaker went on, "was announced by Herr von Ribbentrop, the Nazi Foreign Minister, who described it as a prerequisite for a lasting peace. The new agreement was signed in the Reich Chancellery. Herr von Ribbentrop signed for Germany, Count Ciano for Italy and the Japanese Ambassador to Germany on behalf of his country."

A News Bulletin from Davenry last night added further details. After the Pact was signed, it was stated, Herr Hitler arrived at the Chancellery where he was greeted by the diplomats of the signatory countries and high German officials.

Herr von Ribbentrop, in a speech, repeated many of his well-worn, and high-sounding phrases. The present Pact, he said, was not intended against any

particular nation, but against war agitators. Any nation which wished to co-operate with the three Powers, would be welcomed.

Mussolini's Message

ROME, Sept. 27 (Reuter).—In a message sent to Prince Konoye, the Japanese Premier, on the occasion of the signing of the Italo-German-Japanese Pact, Signor Mussolini says:

"The Pact which associates the energies of our countries in the same great task of European and Asiatic reconstruction, is heartily welcomed by the Italian people."

"Fascist Italy has for a long time followed with sympathy the developments of the Japanese policy aimed at ensuring for its people the greatest possibilities of life and power."

"Such high aims of policy had logically to culminate in today's events, which unites, for the present and the future the forces of the three empires. With these sentiments, I am sending my cordial greetings to reach you on the day when traditional friendship of the two countries is so surely reaffirmed in this solemn and lasting bond."

The King of Italy also sent a message to the Emperor of Japan.

Hitler Pressing Japan To Join Him In Dream For Mastery Of World: 'He Wants To Beat Clock'—Steed

"HERR HITLER IS PRESSING JAPAN, JUST AS HE IS PRESSING SPAIN, TO JOIN HIM IN HIS DREAM FOR MASTERY OF THE WORLD. If he could have beaten Britain, his chances of gaining this would have been greater."

"BUT HE HAS NOT INVADIED BRITAIN AND HE HAS NOT SMASHED LONDON. He must also be wondering now whether he would be justified in looking upon the United States of America as a negligible quantity. This is one of the reasons why Herr Hitler is so anxious to push on and get results elsewhere, even if he can't win the Battle of Britain. He feels that he has to run a race against the clock and he wants to beat the clock."

In these words, MR. WICKHAM, series of "World Affairs" from Davenry last night, "It is not good to be over sanguine," continued Mr. Steed. "I have never underestimated Nazi Germany. I have never believed that they can be appeased and I

SIX TERMS OF PACT: NEW ORDER FOR WELFARE OF NATIONS

According to a San Francisco broadcast, the Pact was described in Germany as a measure of co-operation between Germany, Italy and Japan for the purpose of creating a new order for the welfare of nations.

- The terms of the pact are:
- (1) JAPAN RECOGNISES and respects the complete leadership of Germany and Italy in creating a new order in Europe.
 - (2) GERMANY AND ITALY RECOGNISE and respect Japan's desire to create a new order in Greater East Asia.
 - (3) COMMON ECONOMIC AND MILITARY measures to be taken to assist each party to the Pact if their interests are opposed by any other Power.
 - (4) MUTUAL ASSISTANCE to be rendered if opposition from an outside Power threatens either Germany, Italy or Japan.
 - (5) NO CHANGE IN THE STATUS QUO of the relations between Germany, Italy and Japan and Germany, Italy and the Soviet.
 - (6) THE PACT TO BECOME EFFECTIVE immediately upon signature and to remain in force for ten years, after which it can be renewed at the desire of either of the parties.

SHANGHAI REACTION

SHANGHAI, Sept. 27 (Reuter).—"Well, at least it isn't as bad as was expected," was the reaction of the average man-in-the-street in Shanghai on hearing the terms of the Berlin Pact.

After so much excited suspense before the announcement of the Pact's terms, the people here expected something far more far-reaching and now that it is revealed that the Pact is a defensive, rather than an offensive alliance, there is a general feeling of relief.

Speculation on the reaction of Russia to the Pact, which appears once again to threaten Russia from two sides, is awaited here at least as keenly as that in Washington.

GOOD SOCCER MATCHES THIS WEEK-END

South China Strengthened By Lau Hing-choi's Return

BY "PILAT"

A full programme of football matches are down for this week-end and good soccer should be seen.

An even game is promised when Navy meet Middlesex on the Causeway Bay ground. Both teams are quite well-balanced though I think Navy have a slightly better attack.

South China will meet Kowloon at Caroline Hill today fielding a very strong eleven.

The attack has been considerably strengthened by the inclusion of Chan Tak-fai.

Kowloon have not yet decided on their line-up.

On the Club ground, the home team will entertain St. Joseph's and an interesting game should result with the latter probably running out the winners. Rietzen and Adam Bone, who have signed up for the Club may be turning out for this match.

NEW PLAYERS

Included in the Saints' eleven are two new players, Munson and Liu Kwai-chuen, the latter being a fast and tricky player.

Two senior games are down for tomorrow.

On the Boundary Street ground Kwong Wah will be at home to Sing Tao who should take full points.

Eastern, aspirants for championship honours this year, should overcome the Royal Scots at Caroline Hill.

Chung Yung-sum, Cheung Kam-hoi and Hau Ching-to, who signed up for Sing Tao a week ago, are re-transferring to Eastern.

TEAMS

The following are some of the probable teams for the week-end:

Eastern—Lau Hin-nan, Kong Sing-king, Y. S. Yen, S. C. Liu.

WAITRESS BRINGS \$1,000 CLAIM FOR ALLEGED BREACH OF PROMISE

A BREACH OF PROMISE SUIT BETWEEN TWO CHINESE PARTIES WAS BROUGHT BEFORE MR. JUSTICE WILLIAMS AT THE SUMMARY COURT YESTERDAY.

The plaintiff was So Mui, waitress, residing at No. 8, Tai Ping Shan Street, who claimed \$1,000 damages from Ho Lai-chuen, residing at No. 130, Pak Ho Street, second floor.

Mr. D. McCallum appeared for the plaintiff while Mr. S. Ng-Quinn was for the defence.

The particulars of the claim were that on Nov. 15, the defendant and the plaintiff verbally agreed to marry one another within a reasonable time which had since elapsed. Relying on this promise the plaintiff, on Nov. 28, allowed the defendant to seduce her, whereupon she became pregnant. The defendant now refused to marry her.

In the witness box So Mui said that she obtained employment in the Tai King Cheung Restaurant as an apprentice waitress. It was at this restaurant that she first came to know Ho Lai-chuen, who had been quite a regular customer.

He suggested that she should leave her employment, and following his advice, she left her work.

Continuing, So Mui said that on during a conversation the defendant said that his wife had died and that he would marry her (witness) as a tin-fong wife. She consulted her mother and later told the defendant that she would marry him according to law.

He suggested that she should leave her employment, and following his advice, she left her work.

Why British Fighters Are Superior

Giving reasons for the remarkable successes of British fighters in recent combats with invading German planes, the Sunday Times Air correspondent writes:

The Hurricane and Spitfire single-seater fighters are armed with eight fixed machine-guns each, and these have a total rate of fire of 9,600 rounds per minute, all focused at a point 250 yards in front of the machine.

The Heinkel 111, the Dornier 215, and the Junkers 88 bombers, Germany's three chief types used in the raids on Britain, are each defended by three movable machine-guns, each with a rate of fire of 1,100 rounds per minute; but not more than one can be brought to bear on a target at any given moment.

Thus, when a Hurricane or Spitfire is attacking one of these three types its weight of fire each second is 160 rounds, and in the same time the enemy can reply with a mere eighteen rounds fired at a much smaller target, for the

fighter is of necessity approaching head-on during an attack.

Looked at contrastively, the position is not reversed. Our bombers with their power-operation multi-gun turrets are a very different proposition for German fighters. For instance, it is possible for a Wellington to bring to bear a fire power of 7,200 rounds per minute from six machine-guns upon a fighter attacking in certain directions.

FASTER FIRING

The Messerschmitt 109 fighter relies on one cannon and four machine-guns, two of them much sloyed up by the necessity for interrupter gear to enable the bullets to pass between the blades of the airscrew. Thus the total rate of fire is not more than 3,300 rounds per minute.

The Two-motor Messerschmitt 100 fighter can bring two cannons and two machine-guns to bear in an attack with a total rate of 2,400 rounds per minute. In action two cannons have proved less effective as an armament than the eight machine-guns of our fighters.

FAMOUS POET PASSES

LONDON, Sept. 27 (Reuter)—Mr. William H. Davies, the famous poet, died at the age of 71 at his Gloucestershire home yesterday.

After an adventurous life he started to write poetry and was taken up by Mr. Bernard Shaw. Since then he has held the foremost place in the hearts of lovers of lyrical poetry.

The big escorts of fighters given to the German bombers have proved remarkably ineffective. Our fighter pilots go for the enemy bombers and ignore the fighter escorts as much as possible.

A weakness which has shown itself in the Messerschmitt 110 two-motor escort fighter is that, if pressed in a dive, tail flutter is liable to develop to such an extent that sometimes the whole of the tail surfaces have come adrift.

A Hurricane or a Spitfire can easily outdive a Messerschmitt 110, and so reach the escorted quarry before the enemy fighters can do anything to prevent it.

SOLDIER FOUND HANGED BY HIS NECK-TIE

The circumstances of the death in a hotel in Jalan Besar of a European soldier, who booked a room and gave instructions that he was not to be disturbed, formed the subject of an inquiry held before the Singapore Coroner, Mr. W. G. Porter, recently.

The soldier was Lance-Bombardier James Henry Simpson, of an anti-aircraft battery of the Royal Artillery.

A photograph of a Chinese girl, whom the police have been unable to trace, and several dancing coupons, were among the articles, belonging to the dead man, which were found in the room.

Wong An Hee, the assistant manager of the hotel, said that Simpson, who was in civilian clothes, booked a room at 4.30 p.m. on Sept. 7.

He described himself as a soldier, and after signing the register was shown to one of the rooms.

"STANDING QUIETLY"

"He paid \$3, which was the fee for one day, and told me that he wanted to sleep, and should not be disturbed. I showed him to his room."

"I did not see him again until the following afternoon, when a frightened room-boy informed me that a European was 'standing quietly' in one of the rooms, and that he did not know what was the matter."

Witness proceeded to Simpson's room and opened the door with a key, and found the man hanging from a hook.

He went to the Ruman Mission Police Station to make a report. Simpson had never previously been to the hotel.

Major Francis Edgar Hugonin stated that Simpson belonged to the battery he commanded and was his pay clerk.

"GOOD SOLDIER"

"He was a perfectly good soldier. Three months prior to his death, Simpson had been a patient in the General Hospital, and as he still looked very ill, when he was discharged, I sent him to Blakan Mati on three weeks' leave."

Witness added that Simpson was last seen in camp on Sept. 3, and since then he had been absent without leave.

The Coroner reserved his findings.

In sovereign favour then as now!

MUSICAL TREAT AT MAJESTIC TOMORROW

Starring the beautiful, exotic and lissome Zorina, "On Your Toes" the first big musical treat of the new show season will be screened at the Majestic Theatre tomorrow.

Comedy is the main goal of the production and this rare screen entertainment offers a combination of rollicking humour and superlative dancing.

High spots of the screen presentation are the two ballets entitled "The Princess Zenobia" and "Slaughter on Tenth Avenue" and they are both presented for laughs, as the saying goes.

The supporting cast is made up of such well-known comedians as Eddie Albert, Alan Hale, Frank McHugh, James Gleason, Leonid Kinskey, Erik Rhodes, Queenie Smith, Gloria Dickson, Berton Churchill and the kids, Donald O'Connor and Sarita Wooten, who portray Eddie Albert and Zorina as children.

The big task of welding all the diverse elements of comedy, melodrama, music and dancing into one impressive production was in the hands of Ray Enright, long one of the ace directors on the Warner Bros. lot.

GRAVE THREAT TO BURMA ROAD

Fate Of Indo-China Not Matter Of Indifference

LONDON, Sept. 27 (British Wireless)—Referring to the setback suffered by General de Gaulle's first attempt to seize the initiative in Africa, THE TIME says:

"In Africa, Vichy shows flight if only in defence of its chains. At the other side of the Eastern Hemisphere however, where they are not stiffened by the support of their masters, the Vichy Government have allowed a firm stand at first made by their commander on the spot to fall away into collapse."

"Indo-China occupies a strategic position of first importance in the Far East and its fate cannot be a matter of indifference to either Britain or the United States, while the course of interest of China is immediate."

"Helpless as the Vichy Government would have been at this distance if they were unassisted it is clear that in making a firm resistance to the Japanese encroachments they would not have stood alone. The precise extent of the concessions they have made

has not been made public, but it is certain that a new and grave threat to the Burma Road has been opened up and no one who knows the methods of Tokyo supposes that the whittling away of the French empire in Asia will cease at the point laid down in the agreement."

DISHONOUR OF FRANCE

"The policy of surrender is bringing no less a shame of the Vichy Government in its application to the Mediterranean lands. The people of Syria are showing that they resent the dishonour of France more than do the men who occupy seats of authority."

"Rather than submit to the Italians who since the rape of Albania, have ranked as arch-enemies of Islam, Bedouin soldiers are slipping away on their camels from camps near Damascus in search of liberty and many try to achieve it in union with their old rivals, the Arabs of Iraq."

"No less significant is the movement among the Senegalese sharpshooters of what was General Weygand's army for General de Gaulle. These who learned a lesson of liberty from Frenchmen have shown themselves truer sons of the free republic than the Vichy Government, whose ambition it seems to be, is to make the French Empire safe for Germans and Italians and to throw down the ramparts before all comers except those who come under the banner of Free France."

UNREST IN SYRIA

FRENCH OFFICERS ARRESTED

CAIRO, Sept. 27 (Reuter)—Further signs of increasing feeling in Syria against the Vichy Government were reported here yesterday.

It was stated that when General De Gaulle intervened at Dakar, a number of French officers and civilians were arrested by the authorities.

The reason for the arrests is not known but it is believed that restive elements had been openly showing their dissatisfaction with the existing state of affairs and have been demonstrating loyalty to General De Gaulle.

WEIHAIWEI AGREEMENT

SUMMER BASE FOR CHINA FLEET

LONDON, Sept. 27 (Reuter)—The former territory of Weihaiwei on the coast of Shantung, in North China, which had been administered by Britain since 1898 was restored to China on October 1, 1930, in accordance with the terms of the Anglo-Chinese Convention of April 18, 1930.

The convention provided for a loan by China to His Majesty's Navy of certain buildings and facilities on the island of Liukingtao, on the harbour of Weihaiwei, for a period of ten years with the option of renewal.

This loan was due to expire on September 20, 1940, but in an exchange of letters dated March 15, 1940, between the Chinese Minister for Foreign Affairs and His Majesty's Ambassador to China the loan of facilities in question was renewed for a further period of ten years as from October 1, 1940.

MAINTENANCE PARTY

In normal times Weihaiwei is used as a place of recreation and sanatorium for men of His Majesty's ships in Far Eastern waters. While the European war is in progress opportunity does not arise to make use of it in the same way.

A maintenance party, however, remains in charge of buildings at Liukingtao and when happier times return it is hoped that men of His Majesty's ships will again be able to take advantage of the facilities in question.

HEAVY BOMB JUST MISSED SCHARNHORST

Great Fires Raging In Boulogne

LONDON, Sept. 27 (Reuter)—The flash of one big explosion was seen very close to the German cruiser Scharnhorst, which was lying in the Kiel naval dockyard during last night's R.A.F. raids when sticks of heavy calibre bombs fell across the northern end of the Kiel dockyard and on shipbuilding yards.

Boulogne was raided for three and a half hours and there were many violent explosions and one described as "terrific" by an observer, momentarily lit up the whole town. Great fires, visible for miles out at sea, were also started.

All our aircraft returned safely from their extensive bombing operations over Germany and the Channel ports last night, according to the Air Ministry.

BERLIN RAID

"In the Berlin area, aircraft of the Bomber Command attacked power stations, railway communications and the Tempelhof aerodrome."

"At Kiel, the docks were bombed."

"Goodsyards at Osnabruck, Ehrang, Hamm, Mannheim, and Hanover were also damaged."

"Shipping, barges and quayside stores at Antwerp, Flushing, Ostend, Dunkirk, Calais and Boulogne were also attacked."

"An aircraft of the Coastal Command shot down an enemy bomber into the sea yesterday afternoon."

"Last night forces of Coastal Command aircraft bombed oil tanks at Brest. The tanks were afire and shipping in the harbour was also severely damaged."

DOVER AREA SHELLED

LONDON, Sept. 27 (Reuter)—German long-range guns on the French coast shelled the Dover area for about an hour yesterday afternoon.

A man and a woman were killed.

SUBMARINE WARFARE

NAZI CONVOYS HARASSED

LONDON, Sept. 27 (Reuter)—An Admiralty communique reporting successful actions against enemy supply vessels in convoy states:

"British submarines continue to search out and take their toll of enemy shipping. Full information of their successes cannot be given without endangering their security. But it can now be stated that His Majesty's submarine H49 (Lieut. M. A. Langley, R.N.) lately attacked a convoy of eight ships with torpedoes, two of which found their mark."

"His Majesty's submarine Tunia (Lieut-Commander M. K. Cavanagh-Mainwaring, R.N.) reports the destruction of a large supply vessel screened by two enemy destroyers."

European Police Officer Is Severely Censured By Magistrate

SUPPRESSION OF EVIDENCE TO GET CONVICTION

Sergeant R. Rennie, of the Hongkong Police, was severely censured by Hon. Comdr. G. F. Hole, Harbour Master, in the Marine Court yesterday for suppression of evidence in the witness box. His Worship said he would report the matter to the Commissioner of Police and dismissed the case.

The case was one in which Pang Wing-tak, 38, Li Ki, 54, and Pang Shui-mui, 30, were charged with approaching within 30 yards of a vessel in port while the ship was flying the "S" code pennant at Buoy 8 on Thursday.

The defendants pleaded not guilty.

Sgt. Rennie, giving evidence, said that about 1 p.m. on Thursday he saw the defendants' sampans about 30 feet away from the stern of the ship.

Lau Bui, coxswain of the police launch, in his evidence said that the incident occurred about 9 a.m. but witness said later that he did not remember the time.

BOAT DRIFTED

Making a statement from the dock, Pang Wing-tak said he was more than 200 feet away from the ship when he was stopped by the police launch. He was asked to produce his licence and while looking for it, his craft was carried toward the ship.

Witness then said he heard the Sergeant ask the coxswain of the police launch how far he was from the ship and there appeared to be some doubt about the distance.

Comdr. Hole (to Sgt. Rennie): Why did you not refer to this in your evidence? Why are you suppressing evidence?

No answer.

You are suppressing evidence in order to get a conviction. I shall report you to the Commissioner of Police.

Sgt. Rennie: I thought when I arrested defendants that...

Comdr. Hole: I am not asking you what you thought. I shall report you to the Commissioner of Police. The whole case shrieks of suspicion. I am not taking any more statements from defendants. I shall have a copy of the record sent to the Commissioner of Police with my remarks.

Then, turning to defendants, his Worship said: Severely not guilty. Case dismissed.

Mr. George Jobhovsky, Superintendent of the Mines, giving evidence yesterday said that on Aug. 18 he was informed that three men had been arrested the previous night by three mine inspectors and had been detained in the store.

Mr. Shui, foreman, also gave evidence. The hearing was adjourned until 11 a.m. today.

Mr. B. C. Hobbs, assisted Det. Insp. L. R. Whant, is for the prosecution while the defence is in the hands of Mr. Alfred Y. Hon.

MR. WILLKIE'S BID
FOR PRESIDENCY

MR. WENDELL WILLKIE, the Republican candidate for the Presidency of the United States, appears to be determined to make one of the strongest bids for White House honours in the history of the Party. American papers describe the launching of his home-town campaign as the best argument in his favour and that he has thus shown himself to be a man not only big enough to be President of the United States, but big enough to keep close to the small beginnings from which he started and, above all, to keep close to the heart of America. Strongly opposed to the creation of a third term precedent for the presidential office, Mr. Willkie has, first and foremost, made national unity the basis of his platform—a gesture which has apparently found support with the middle class and Middle West people of the United States. The New York Times, which has joined issue with Mr. Willkie, boldly declared recently that it considered the Republican candidate was more fitted to safeguard America's interests, both at home and abroad, than Mr. Roosevelt, whose supporters have been endeavouring to picture Mr. Willkie as a man so wrapped up in his big-business relations that the basic problems now confronting the United States will be allowed to go by the board.

THE FEELING of doubt that exists in the minds of the American voter today, however, is on Mr. Willkie's ability to handle foreign affairs in any better manner than Mr. Roosevelt has been doing during his two terms in office. Like Mr. Roosevelt, Mr. Willkie seems prepared to defy the isolationists. Will Mr. Willkie be able to show greater success on this important question of American politics today than Mr. Roosevelt has been able to secure? It has to be remembered that while Mr. Roosevelt has openly declared his desire to assist democratic countries against the threat of totalitarian aggression and has gone to the extent of sanctioning material aid to the biggest stronghold of democracy—the British Empire—on a scale unprecedented in the history of the United States, he has always been careful to base his action on non-involvement in the European conflagration and on the admittedly urgent need which has arisen to prepare America's defences on a gigantic scale. Even the most vehement members of the isolationist group have been unable to sway public opinion against measures taken on such acceptable grounds. No doubt, this has encouraged Mr. Roosevelt to go further in promoting American collaboration with the British Empire. This has now become a fait accompli, but the isolationists have not been slow to see how this latest move, welcomed though

CORRESPONDENCE

APPEAL TO
REFEREES

To the Sports Editor, Hongkong Daily Press.

Dear Sir,—May I be permitted, through your paper, to appeal to all Football Referees in this Colony, to become members of the H.K. Football Referees' Assn., in the interests of the game. Only by all Referees uniting, and becoming members of this Assn. will a uniform control of the game be attained.

In 1935 the F.A. published a Memorandum and revised it in Aug. 1938 for the Guidance of Referees and Linesmen. Para. 9 of that memo is as follows:—

"Referees Societies:—Referees should form themselves into National or Local Associations for mutual help, and every Referee should join an Association. Classes should be held and lectures and talks given on points of interest in the control and conduct of the game. Mental fitness is just as important as Physical Fitness, and attendance at meetings will be very helpful in giving a Referee confidence and courage."

Classes and lectures help a Referee to study carefully, and to learn and act quickly. He is bound to glean something, happy or otherwise, of the experiences of his colleagues that will help him to arrive at a right and sensible interpretation of any problems put forward for solution."

The next monthly meeting of the above Assn. will be held on Tuesday next, Oct. 1, 1940 at the Hotel Cecil at 8 p.m. The speaker will be Mr. Glover, the well-known R. N. and R. M. Association Referee, and it is hoped that all members will attend.

At present there are only a few Referees who do not belong to the Association, and the Committee and the Chairman will be very pleased to welcome them at this or any future meeting.

Thanking you in anticipation,

Yours very faithfully,

HUGH A. BEARD,

Chairman, H.K.F.R.A.

It has been by the majority of American opinion, must eventually draw the United States into hostilities as an ally of Britain.

MR. WILLKIE has not neglected to outline his policy for the country on the foreign affairs issue in the event of his being elected to White House. He has declared that he well realises America's difficult position in her foreign relations at the present moment and, to that extent, he is in agreement with the policy pursued by Mr. Roosevelt, though he has criticised the President's handling of the situation. His contention is that the methods adopted by Mr. Roosevelt is "court-ship" war, but he was not able to say very clearly how he himself has decided to avoid this. Even if Mr. Willkie is able to prevent America being drawn into the conflict in the west, it is difficult to see how, if the situation in the Far East, for instance, deteriorates any further, with danger to American interests, a clash with Japan can possibly be eliminated. Instead of seeking to clarify this position, Mr. Willkie launched his biggest attack on Mr. Roosevelt's weakest domestic move—the New Deal. It is on this question that his bid for the Presidency is mainly based. This challenge to Mr. Roosevelt on a national issue will undoubtedly influence voters, but the feeling that a third term for the present office holder will find the right man in the right place, at the right time, is present, not only in the United States, but in most countries abroad which see a stronger democratic front opposed to totalitarianism.

WICKHAM
STEED

Continued From Page 1

Herr Hitler's attacks so far we have won the war, I should rate their chances of victory much lower.

OVERCOME HITLER

"And yet, while all this is happening, our Air Force is continuing to strike night after night and day after day. We are not only defensively minded, but we intend and are preparing to overcome Herr Hitler and to make him understand that his brutal methods cannot succeed."

"To this big enterprise we have a positive purpose. We are striving to put might in the service of right and justice, so that enduring peace may be created in the human family which must be redeemed from the curse of brutal war."

"Herr Hitler has swept away many of the impediments to the fulfilment of this purpose. He has shown the world what civilisation is not and what barbarism is. He has left men and women of good faith no excuse for not looking the true facts in the face."

RENEW FAITH

"Violence, however threatening, must be circumscribed. We must renew our faith in the perennial growth of civilisation."

"This is our faith and in resisting Herr Hitler with a steady resolve to overcome him and his savagery. Great Britain and the Commonwealth feel that they are jostling the elbow of time."

Mr. Steed opened his talk by stating that in his broadcast on Monday last, His Majesty the King said that it was London which was, for the time being, bearing the brunt of the enemy's spite.

"Ever since then," continued Mr. Steed, "London has been in the forefront of the battle, but the cheerfulness of Londoners grows more astonishing as the enemy hit them harder. A man of 62 stated that the Veterans of 60 and 70, who never thought that they would go to the war, considered themselves lucky at finding themselves now in the front line in the defence of Britain."

"London has been knocked about a good deal," said Mr. Steed. "Many of our houses have been rocked like steamers in a gale, but as the chairman of the London County Council said recently, no matter how much London is knocked about, we shall build a better and a bigger London after the war and Herr Hitler can do his damndest."

"If the Berlin announcer can broadcast as freely as we can broadcast, he certainly would have a tale to tell his listeners of the damage our Air Force is doing to Germany—of preparations for invasion being smashed to smithereens."

"If the Germans are hammering us harder today, we too are hammering the hardest, and we shall see who can stand this hammering the longest. Our home front is solid and sound, supplies of food are pouring in every month."

"But as the King said in his broadcast, we are living in grim times and the future may have even grimmer times ahead for us."

DAKAR ENGAGEMENT

Referring to the Dakar naval engagement, Mr. Steed said that obviously General de Gaulle expected to be welcomed by the French officials at Dakar. The Free French party, no doubt, thought that the presence of the grandson of Marshal Foch would be enough to convince of the earnestness of the Free Frenchmen to strive to secure the liberty of their country.

"They unfortunately did not account for the Vichy Government. But, as we do not know the full facts, we should suspend judgment. We stopped the fight only at General de Gaulle's request."

Mr. Steed went on to comment on happenings in Spain.

"A good many of us," he said, "have not been happy about Spain's relations with Germany and Italy. It seemed to us unlikely that Herr Hitler and Signor Mussolini, who made General Franco master of Spain, would let him be master of his house for long."

"So when we heard that Signor Suner had been hobnobbing with Berlin and that Madrid and Barcelona were full of Gestapo agents, we wondered at the past and at the future."

"I know some of the workings of the minds of the men of

SPANISH POLICY
SPECULATIONU.S. TO ENTER
THE WAR?

MADRID, Sept. 27 (Reuters).—Despite the visit to Hitler on Wednesday of Senor Serrano Suner, Spanish Minister of Interior, Berlin correspondents of Spanish newspapers practically cease from speculating on the reasons for the journey and confine themselves with the rumoured military agreement between Germany and Japan.

It is noteworthy that no Cabinet meeting has been held in Madrid since Senor Suner's absence, as would presumably be necessary before any actual agreement could be reached on any major issue.

Spain's wider policy is likely to be decided by the course of the war and not by conversations, and it is interesting to note the increased attention paid by the Spanish press in the last two days to the possibility of the United States entering the struggle.

On the other hand, General de Gaulle's withdrawal from Dakar is considered in Madrid as a British reversal and it is asked why Hitler's invasion of Egypt, Syria, and Iraq will have a long secret to settle as to pass Gibraltar en route for Dakar.

Vichy, Marshal Petain was an associate of General Franco and he seems to be convinced that Italy, France and Spain can form a Latin bloc which will be able to withstand Herr Hitler.

"Anybody who places any confidence in this idea has forgotten that Italy today is the tail that does not wag the dog. Herr Hitler plainly intends to use Italy only as a bridgehead in Africa for Germany's advance to the countries beyond."

FRANCE HELPLESS

"The France of Vichy can never take up arms once more. She is helpless and Herr Hitler can, step by step, tighten his hold on Vichy until he gets all he wants from them, and Signor Mussolini would take the rest for himself."

"If Herr Hitler says he wants Dakar, these men of Vichy can only win his favour by giving it to him. The position in Syria and Indo-China is the same."

"These decisions, however, do not depend upon Vichy alone. Great Britain and the Commonwealth have something to say about it. The Arab world too has something to say and before long Signor Mussolini may have an Arab war on his hands."

"The Arabs have laid a curse on Italy as a result of Signor Mussolini's invasion of Egypt. Syed Idris will have a long secret to settle against Marshal Graziani."

FOUR RAIDERS MEET DOOM IN LONDON S.W. DISTRICT

LONDON, SEPT. 27 (REUTERS).—FOUR OF THE TEN RAIDERS BELIEVED TO HAVE BEEN BROUGHT DOWN TODAY met their doom in the south-west district of London where one came down in flames.

Another is believed to have been brought down in the eastern part of London while five other enemy planes were seen crashing in Chislehurst and Orpington on the south-west outskirts of the capital.

DAKAR INCIDENT IS CLOSED

LONDON, SEPT. 27 (REUTERS).—An announcer over the Lyons Radio last night stated: "The British Squadron have ceased the attack on Dakar, reprisals against Gibraltar have been suspended."

Vichy announced earlier that the incident was regarded as closed.

PILOTS' STORY OF RAIDS ON CHANNEL PORTS

"All Bombs Landed In The Bulls-Eye"

LONDON, SEPT. 27 (REUTERS).—Pilots of bombing aircraft which carried out the raids on transport in German and occupied Channel Ports on Wednesday night testified to the accuracy of the bombing by other members of the crew, after a well-earned rest yesterday.

According to the Air Ministry news service a young Irishman, piloting the first aircraft which attacked railway yards at Ehren, affirmed that all their bombs "landed in the bulls-eye and burst with an explosion that shook us."

The captain of the aircraft following said these bombs started fires which helped him in inspection of the target. His crew dropped sticks "well and truly across the yards" and within five minutes there was "a series of terrific blue explosions like a sort of fireworks jack-in-the-box."

A pilot who attacked goods yards at Osnabruck said their first stick of bombs fell across the yard and exploded on some warehouses which came crashing down. The bomb bursts were soon followed by four explosions.

HUGE RED FLASH

Another pilot who raided Boulogne saw bombing going on at Calais as they were crossing the Channel. A string of fires lighting up railway junctions guided them to Boulogne.

He cruised over the target area until the bomb-aimer sighted the objective properly.

The last of four bombs dropped caused a "huge red flash as though a gas holder or something like that had gone up." The cabin of the aircraft was lit up with a red glow.

Violent explosions hurried railway trucks in the air when Blenheim of the Coastal Command bombed railway sidings at Brest. The siding and oil plants were bombed systematically.

Another aircraft also visited the port later and did great damage to the torpedo-boat station as well as to quays and jetties.

RICHELIEU HIT IN DAKAR OPERATIONS

LONDON, SEPT. 27 (REUTERS).—A Vichy message says that during the operations at Dakar early on Wednesday the French 35,000-ton battleship Richelieu was hit by a shell, "but no damage was caused and there was no loss of life."

According to Vichy, the British squadron consisted of two battleships, two heavy cruisers and two destroyers. Two of the ships were hit, claims Vichy.

Another Vichy message says that Vichy regards the episode as closed unless it is re-opened by Britain.

R.A.O.C. DINNER

Mr. B. D. Evans, Assistant Director of the Royal Observatory, was the speaker at the R.A.O.C. monthly dinner held at the Gloucester Hotel last evening.

The subject, "Measurement of Distant Sounds" though technical and scientific, was most comprehensive and educational. It dealt with the way to detect and locate enemy guns and planes.

JAPANESE BOMB HANOI, HAIPHONG—REPORT

Protest Lodged: Fighting On Border: Chinese Offer Declined By Vichy Govt.

CHUNGKING, SEPT. 27 (REUTERS).—Clashes are taking place between Chinese and Japanese forces on the Kwangsi-Indo-China border where the Chinese are attacking the rear of the Japanese forces entering Indo-China, according to a military spokesman here.

A message from Kwangsi states that the Japanese suffered 1,000 casualties in the Dongdang clash while fighting is now reported to be taking place east and west of Pinghsikwan.

AXIS TALKS TO RESUME

BERLIN, SEPT. 27 (REUTERS).—Count Ciano, Italian Foreign Minister, is expected to arrive here this morning to resume the Axis talks.

Ciano's visit confirms the assumption that activities of the Allied Powers in the field of foreign policy has now reached a critical turning point in the course of the war, writes the Hamburger Fremdenblatt and quoted by the Official German News Agency.

Three points The paper adds that the conversations will follow on the following points:

Firstly, victory for the totalitarian idea remains the ultimate goal and this necessitates an extension of military action, supported by political means, and there are many possibilities in this direction.

Secondly, the German-Italian Monroe Doctrine for Europe and Africa, endorses the boundaries of their "Lebensraum" which they are determined to protect by all the means in their power; and, Thirdly, Germany and Italy possess a fixed conception of the state of world affairs which will assume practical form after the defeat of British universal rule.

The Axis Powers march in unison towards victory. They know no differences of opinion and interests. They are the creators of new orders free from British influence.

Gandhi In Happy Mood

SEVENTH MEETING WITH VICEROY

SIMLA, SEPT. 27 (REUTERS).—Gandhi arrived here today and had an interview with the Viceroy, their 7th since the beginning of the war.

The object of this visit is to ascertain the Government attitude towards the resolution that the India Congress passed last week by which its conditional offer to co-operate with Britain in the prosecution of the war was withdrawn.

In some quarters it is hoped that the interview may lead to a resumption of office by Congress members of the provincial legislatures.

Gandhi was smiling cheerfully when he left a friend's house for the Viceroy's Lodge in a rickshaw.

NEW NORWEGIAN GOVT. DENOUNCED BY HAAKON

LONDON, SEPT. 27 (REUTERS).—It is learned here that an announcement to the Norwegian people, in reply to the German decisions as announced by the Reich's Commissar, Terboven, in Norway on Wednesday, was adopted by King Haakon and his State Council yesterday and broadcast to Norway.

Referring to the new body to conduct the Government in Norway the announcement says: "The new ruling body has no basis except the German conquering force in Norway and it will be compelled to govern according to the orders of its German masters."

"The new ruling body has no kind of independence and does not represent a free, independent State. The people have lost their sacred right in their own homes. Pointing out that not one member of the Storting has placed himself at the disposal of the Reichskommissar by endorsing the ruling body set up, the announcement says: 'that it is with shame and sorrow that he has been able to find Norwegians willing to accept appointments as members of such a regime and thereby be guilty of betraying the first command of the Constitution, namely, to defend the independence of the nation.'

The announcement concludes: "On behalf of the people the King and Government will continue to fight until the country has regained its liberty and independence."

In certain knowledge that they are the true representatives of the people's will to liberty, they call to the Norwegian people at home to stand firm and remain faithful to Norway's free Constitution and together we shall win victory for all Norwegians."

In a speech endorsing the declaration, which was also broadcast, King Haakon said: "I would not be true to my duty towards our common Fatherland if I gave up the fight for the liberty of Norway which had been forced upon us."

When Japanese aircraft appeared over Hanoi they dropped three small bombs.

JAPANESE WARNING TOKYO, SEPT. 27 (REUTERS).—The daily Hochi Shimbun, says that Japan's determination is "too firm to be shaken by foreign pressure or intervention."

The journal warns Britain and the United States that they court a grave situation if they persist in their anti-Japanese attitude.

GERMAN PLOT FRUSTRATED IN NEW YORK

Seamen Encouraged To Quit Ships

LONDON, SEPT. 27 (BWS).—Prompt action by the Ministry of Shipping has resulted in the frustration of a Nazi plot to delay sailings from New York of foreign ships in Allied service.

The National Union of Seamen had good reason to believe that the Nazi Government, working through Consuls-General in America, was actively encouraging Committees of seamen to stir up trouble among the crews of such ships.

The Marquess of Lothian, British Ambassador to the United States, was instructed to place all evidence before the American Government and missions were sent from Britain to deal directly with the situation.

It is understood that men who had been engaged for the round trip from Britain were encouraged to leave their ships at New York and through a loophole in the American maritime laws the ships were then prevented from sailing until certain sums were paid into Court.

The situation became so serious that instant Government action was necessary. This has been taken, ensuring the prompt sailing of all ships.

The announcement concludes: "On behalf of the people the King and Government will continue to fight until the country has regained its liberty and independence."

NORTH CHINA BUSINESS IS VIRTUALLY AT STANDSTILL

TIENTSIN, SEPT. 27 (REUTERS).—BUSINESS IN NORTH CHINA IS VIRTUALLY AT A STANDSTILL as the result of the new import regulations imposed on June 26 which require, among other things, permits for certain imports, and persistent rumours of further drastic trade restrictions being imminent.

Nothing is yet known regarding the nature of these rumoured trade restrictions although it is widely stated that they will likely be announced in a couple of days.

Meanwhile businessmen, especially cotton and fur dealers, are finding it almost impossible to carry out the few orders they receive.

Fur merchants are experiencing considerable difficulty in shipping cargo from Peiping down to Tientsin unless in possession of special permits which are not generally available, while cotton importers must join the Japanese-sponsored organisation of the North-China Cotton-yarn, Cotton-cloth, Cotton-thread Association before their application for import certificates will be considered by the Federal Reserve Bank.

LIABLE TO FINE Among the rules of this Association are: Firstly, all prices are to be fixed and controlled by the Association; Secondly, members are required to submit daily a record of the sales to the Association, and, Thirdly, a list of dealers will be forwarded to the Association for registration and any member selling to non-registered dealers would be liable to a fine levied in accordance with the value of goods sold.

Under the recent import restrictions each firm is now being asked to fill in and file a form giving information as to the articles imported during a stated period and the quantity and percentage covered in the open market.

REASON FOR REGULATIONS The reason for the import regulations, according to Mr. Sakatani, adviser to the Federal Reserve Bank, was because imports into North China greatly exceeded exports and the objectives which it was hoped would eventually attain were:

Firstly, to balance the volume of imports against the volume of exports, and, Secondly, to eliminate open market exchange in National currency and to improve the value of Federal Reserve Bank notes.

Mr. Sakatani stated that he realised that these objectives could only be attained gradually over an indefinite period of time if the needs and necessities of North China are provided for.

In this connexion it is noteworthy that he qualified this statement by the remark that "no measures too drastic would be imposed in an attempt to accelerate the attainment of these objectives."

U.S. BASEBALL RESULTS NEW YORK, SEPT. 27 (REUTERS).—The following are the results of League baseball matches played yesterday:

NATIONAL Philadelphia 1, New York 3; Philadelphia 1, New York 2; Boston 5, Brooklyn 2; Boston 5, Brooklyn 4; Pittsburgh 7, Chicago 6; Cincinnati 4, St. Louis 2; Cincinnati 1, St. Louis 5.

WATER-FOLO MATCH An exciting water-polo match between a Macao team and South China A.A. resulting in a close win for the former by 3-2 concluded a fine evening's sport.

Tsot Chak-lau (4) and Tong Poon scored for Macao; and Lionel Low and H. Wingle replied for the home team.

Police Team For Cricket Today The Police will field a representative team in the first cricket match of the new season when they meet the Royal Engineers in a friendly game at "Sookunpoo" today starting at 1.45 p.m.

Those selected to play for the Police are B. C. Fay, A. Kirby, W. L. Clarke, T. Hunter, J. Lewis, N. L. Smith, A. Estall, W. Danbrowsky, C. Pope, A. E. Carey and J. Sheppard. Reserves: A. Reynolds, E. G. Post, J. Hayward and A. Taylor.

Interest in the game will centre to some extent on Smith, who played for the Central British School last year, and now makes his debut in the Police team.

Among spectators who have regularly attended at all cricket matches in which the Police team has figured there are two whose absence at today's game will be specially noticed. They are Shells Carey and Bertie Kirby whose enthusiasm for cricket has been so great that they have never before missed a single game played by the Police.

Their only reason for being absent this year is that they are now in Australia having been evacuated earlier in the year, but there is no doubt they are still following the great game with equal enthusiasm "down under" and may, on their return, be equipped to take a more active part in the game than being enthusiastic spectators. In fact both children already show exceptional talent for the game.

FINE RECITAL BY Y.K. SZE The Vocal Recital given in the Rose Room of the Peninsula Hotel last night by Mr. Y. K. Sze (Basse) was greeted by one of the largest attendances known to have turned out for such an event in recent months, and proved, indeed, most delightful.

Mr. Sze was in fine voice. Mr. E. O'Neill-Shaw, who acted as accompanist, was heard also in two piano solos.

CHEERO CLUB CONCERT The concert by amateur artists at the Cheero Club last night was much enjoyed.

Among the artists who took part were Nipper Thorn and Bill Wimsatt, Norman Binning, Elvie Yuen, Stanley Hinchcliffe, Myrtle, the Mystery Man, Harold Harrison and Robert Richmond, John Gilchrist, William Knight, "Les" Gibson, "Vic" Labrum, Irene Arden, Jack Fountain, and David Kossick, who also composed the show.

Stage arrangements were in the hands of Don Grant and E. Ramage.

Chan Ping, Loung, Yuet-ho, Leung Sze and Wong Ho appeared before Hon. Comdr. G. F. Hole in the Marine Court yesterday on a charge of having anchored their boats within 100 yards of the water mark near Connaught Road on Thursday. They pleaded guilty and were each fined \$10 or 10 days' hard labour.

CATHOLIC NEWS & NOTES

FEAST OF ST. TERESA: CENTENARY OF JESUIT ORDER: PROFESSOR HONOURED

The feast of St. Teresa of the Child Jesus, which occurs next Thursday, is being observed tomorrow in the church dedicated in her honour in Kowloon Tong. The feast is regarded as one of particular importance because this saint is one of the special patrons of the missions.

It is a matter of great surprise to those who are not fully acquainted with the facts that a young nun who died in France in the nineties at the age of twenty-four should be given so much prominence in the Catholic Church, and some are inclined to condemn this devotion as mere sentimentalism.

The fact, however, is that the Church calls attention to this saint because while living in our own day—she died in 1897—she showed herself in her unselfishness, and unworldliness completely free from all the prevalent faults of the time and at the same time showed how one can exercise zeal and power for good while living in the seclusion of a Carmelite convent.

The Catholic Church is far from condemning activity of life. It fully approves of it, recognizing it as an essential part of the apostolate, but it is most anxious that people should realise that active work is only one form of the service of God and that supernatural ends can be reached only by supernatural means.

The life of this young saint teaches this. Her autobiography, written on the instruction of her superiors, when she was near death is one of the most remarkable human documents of our age, for it is a revelation of great strength of character allied to great gentleness of disposition of a life dominated by one single purpose pursued inflexibly to the end.

It has been translated into every modern language, including Chinese, and has inspired thousands of people to lead better lives.

EVACUEE SHIP SINKING

One of the victims of the CITY OF BENARES, the evacuee ship that was sunk recently when bringing a number of people, including many children, from England and Canada was Colonel James Baldwin Webb, M. P. for the Wrekin division of Salop since 1931.

He went down with the ship, and survivors said that when he was last seen he was helping people to reach safety in the boats. Gallant action of this kind is what would have been expected of Col. Webb; for he was conspicuous all his life for his strong sense of duty and devotion to any cause that helped others.

He was a Catholic and was associated with Catholic activities in Birmingham, where he had considerable business interests and was a City Councillor. He was forty-six years of age, fought in the last war and was active in the work of the British Legion, being Chairman of the South Birmingham division and a member of

the Birmingham and Shropshire Councils.

SOCIETY OF JESUS

The Society of Jesus commonly known as the Jesuit Order, celebrated yesterday the four hundredth anniversary of its foundation. It was established by St. Ignatius of Loyola, a Spanish nobleman who gave up a military career at the age of thirty to devote his life to the special object which he put before himself "The Greater Glory of God."

It was in the lifetime of St. Ignatius that one of his first companions, St. Francis, journeyed to the East and died on Sancti Spiritus Island in South Western Kwangtung when on his way to enter China.

The first Jesuit who actually came to China was Fr. Matteo Ricci, the astronomer and mathematician who landed in China in 1583 and within a few years was established in Peking and enjoying the patronage of the Emperor.

There are now in China 782 Jesuits of various nationalities, including 190 Chinese. Included among the Chinese are two Bishops and forty-nine priests. The majority of the rest are students preparing for the priesthood.

ST. THAI PROFESSOR HONOURED
The honour of Knight of the Order of St. Gregory was recently conferred by the Pope on Professor Kuo Cheong Hui, who has occupied the chair of Chinese Law in the Aurora University, Shanghai, for the past eighteen years.

Dr. Kuo is himself an old student of the same University and he received his doctorate there some years after graduation. He also holds a diploma of the School of Political Science of Paris.

The esteem in which Dr. Kuo is held by the alumni of the Aurora is shown by the fact that he was chosen by them to be the President of the Past Students' Association. The choice proved an excellent one, for it has been largely due to his exertions that the Association has reached its present state of success.

It has now over a thousand members, and through a central bureau it keeps in touch with its members throughout all parts of China. Thanks to the exertions of Dr. Kuo the central bureau of the Association acts as a depot for the employment of graduates and has also a loan society specially intended to help those who are faced with temporary unemployment.

And he saith unto them, "I must preach the kingdom of God to other cities also: for therefore am I sent." (Luke 4:40, 43).

The following citations will also be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Belief in a material basis, from which may be deduced all rationality, is slowly yielding to the idea of a metaphysical basis, looking away from matter to Mind as the cause of every effect. Jesus' demonstrations lift the chaff from the wheat, and unfold the verity and the reality of good, the unreality, the nothingness of evil. Reality is spiritual, harmonious, immutable, immortal, divine, eternal." (Science and Health, Pages 268, 269, 335).

After ruling quiet, the market was easier on the lack of interest.

NEW YORK COTTON: There is a good mill demand. Hedging is light due to the small crop movement.

CHICAGO WHEAT: Cash wheat is selling above the Loan rate in many places. Any further advances would bring out the possibility of liquidation of Loan stocks.

NEW YORK STOCKS: Previous close, 134.15; Today's close, 133.50; Change, off .65.

393 Feet development: Work was reduced above all levels with the exception of No. 1 level, but all showed satisfactory results.

Anderson Section
141 Feet development: An entrance into the old Bukit Hitam workings was gained but bad air has prevented much headway.

Bukit Koman Section
628 Feet development: It included work on nearly every level but there is nothing of an unqualified success to report.

Derrick Section
482 Feet development: Development on lower levels has again maintained an improved proportion of payable footage.

Malacca Section
80 Feet development: This was represented mostly by driving on one of the numerous parallel reefs to be found in the section.

MINING

A total of 7,103 tons was mined and treated during the period. Although tonnage as a whole remained the same, there were variations as between sections. The grade was slightly lower at all sections except Malacca: Raub Hole 2,675 tons; Anderson 835 tons; Bukit Koman 1,375 tons; Derrick 1,443 tons; and Malacca 475 tons.

Tailings treated, Cord Table concentrates 31 tons.

Total: 2,614 tons.

GOLD SHIPMENT

Battery: 893.88 bullion ozs., 346.29 fine Au ozs.

Retreatment: 351.90 bullion ozs., 301.57 fine Au ozs.

Total: Battery: 1,245.76 bullion ozs., Retreatment: 1,147.86 fine Au ozs.

WORKING PROFIT

Estimated Mine Working Profit (Subject to depreciation, etc.):—\$2,500/-.

GENERAL

Repairs to the Roasting Furnace necessitated a shut-down of the Retreatment Plant early in the period, and the opportunity was taken to overhaul the whole plant. Operations were resumed towards the end of the period, but the stoppage necessarily resulted in a large reduction in gold production, and hence working profit.

With the exception of two Volunteers required for further special training, a complete staff was again available at the end of the period.

EDUCATIONAL NEGLECT

Continued From Page 1

children might be continued in
Australia.

Inquiries made on this subject
have brought to light several in-
teresting facts. In the first place,
soon after the Government's Eva-
cuation scheme began to operate,
it was announced that four Gov-
ernment Schools would have to be
closed down. These are the Cen-
tral British School, the Kowloon
Junior School, the Peak School and
the Quarry Bay School.

Official figures state that ap-
proximately 472 children attending
these schools have been evacuated
from Hongkong. It was also stated
that the teaching staffs of these
institutions totalled seven masters
and twenty-four mistresses. Five
of these mistresses have left the
Colony (probably under the eva-
cuation scheme), eight mistresses
(on the temporary staff) it is
stated, have had their appoint-
ments terminated, and one mis-
tress is left in charge of a class at
the Kowloon Junior School.

The rest remain in the Colony.
that is, presumably, 10 mistresses
and seven masters. Two of these
are stated to be temporarily at-
tached to headquarters and the
rest, it is vaguely added, have been
transferred to other schools to fill
vacancies due to evacuation, etc.

[What the public will be most in-
terested to learn is what the total
cost to Government for each pupil
in these schools (including salaries
to staff) amounts to for a year.
Here are the figures, based on the
1939 expenditure—

per pupil.

Central British School \$487.77
Kowloon Junior School
Peak School and
Quarry Bay School... 318.15

The salaries to the teaching
staffs, based on the average for
April, May and June this year
are—

Per Month

Central British
School... \$13,610.07

Kowloon Junior
School... 3,362.88

Peak School... 2,841.26

Quarry Bay School... 3,668.00

These salaries total \$22,682.21
per month, or roughly over £17,-
000 a year! This expenditure of
the Government, however, on these
educational institutions does not
include charges for upkeep of
buildings, caretakers' wages, and
other incidentals which go towards
their maintenance.

OVER HALF OF TOTAL

The Central British School, it
will be noticed, uses up over half
of this total every year. The great-
er part of the pupils now eva-
cuated from Hongkong belong to this
school. In other words, the tax-
payer is still contributing to the
upkeep and educational instruction
for pupils who are not at the mo-
ment receiving any instruction,
while, on the other hand, those
masters and mistresses who were
attached to this school and who
still remain in the Colony, con-
tinue to draw their salaries as
usual.

The 472 children now in Aus-
tralia receive no benefit from the
money being expended by the
Government (and incidentally the
taxpayer) on their schools and their
educational training must suffer in
the end if they are to continue to
run wild in their new homes with-
out any provisions being made for
a continuation of their studies.

The Government cannot evade
the responsibility for making such
provisions as they can to meet this
totally unsatisfactory position, in
view of the heavy expense, which,
it has been shown, they are incur-
ring. It would have been more in
keeping with their educational
policy to have made arrangements
for those members of their teach-
ing staff, who were evacuated with
the children, to open a temporary
branch of the schools in Australia
to permit instruction to be con-
tinued and at least to make the
members of the teaching staff earn
their substantial salaries, which
they are now receiving practically
gratis.

STRANGE LAND

It is inconceivable that the
Government should expect the
parents of these children to seek
education for their children in a
strange land, to which they have
been temporarily evacuated. The
situation is one that should receive
the immediate attention of the au-
thorities and, if necessary, a res-
ponsible officer of the Education
Department should be sent to Aus-
tralia, with such members of the
teaching staff as are still available
in the Colony for duty, to make
arrangements as will ensure that
the education of these pupils is
not neglected any further.

COCAINE FOUND IN BANK SAFE DEPOSIT

Jar And Bottle Wrapped In Waterproof Paper

THE CASE IN WHICH A 21-YEAR-OLD WOMAN, LI MAN, IS
CHARGED WITH THE POSSESSION OF 36 OUNCES OF COCAINE
HYDROCHLORIDE ON SEPT. 9, WAS HEARD BEFORE MR. G. T.
LOWRY AT THE CENTRAL MAGISTRACY YESTERDAY.

Li is additionally charged with the possession of 1½ oz. of cocaine
in a safe deposit inside the Hongkong and Shanghai Bank.

Revenue Officer W. V. Ahern
appeared for the prosecution, in-
structed by Mr. Percy Chen, while
Mr. Alfred S. K. Lau, was for
the defence.

Outlining the case, R. O. Ahern
said that about 2.30 p.m., on Sept.
9 a party of Revenue officers, in-
cluding himself, went to No. 4 Lal
Shing Street, second floor, to make
inquiries.

They had been in the flat for
some time when defendant came
in carrying a handbag and a par-
cel. When the latter was opened
it was found to contain white
powder which Mr. H. A. Taylor, of
the I. and E. Department, iden-
tified as cocaine hydrochloride.

In the safe deposit which defen-
dant had at the Hongkong and
Shanghai Bank further cocaine
powder was found.

PACKET OF BISCUITS

Giving evidence R. O. Ahern said
when he asked defendant what
business brought her there, she
replied that she came to deliver
a packet of biscuits to a man,
Kwok. Defendant further told
witness that the box of biscuits
was given to her by a friend in
Shanghai to deliver to Kwok and
that she only arrived from the
North that morning.

In the handbag witness found a
steamship ticket by the Tai Yuen
and a bunch of keys, one of which
was to her house No. 161, Fuk
Wing Street and one to a safe de-
posit. Defendant was taken to
the address in Fuk Wing Street
but nothing was found.

BOX OPENED

About noon on Sept. 10 witness,
accompanied by Mr. Taylor, went
to the Bank and opened the box

in the presence of bank officials.

Among many pieces of curios, a
jar and a bottle, both wrapped in
waterproof paper, were discovered.
These were found to contain white
powder which was examined by
Mr. Taylor and found to be
cocaine.

Evidence was given by Mr. Sim
Pen-kiat, Court Interpreter, that
defendant had said when she was
charged in Court that she had
nothing in the safe deposit box
and did not wish to accompany
R. O. Ahern to the bank.

Hearing was adjourned to
Thursday, at 11 a.m.

INTER-HONG GALA

Taking first place in five of the
11 events on the programme, Jar-
dines won the Inter-Hong Swim-
ming Gala held at the European
Y.M.C.A. Pool, in aid of the "Bum-
ber" Fund, last night, by scoring
a total of 40 points.

Dodwells were second with 29
points, Butterfield and Swire and
Hongkong and Shanghai Banking
Corporation tied for third with 25
points each, and Asiatic Petroleum
Company fifth with 14 points.

SUSPECTED CASES OF CHOLERA

Two unidentified dead bodies
were picked up by the police yes-
terday, one in Burrows Road and
the other in Thompson Road. It
is believed they are suspected
cases of cholera or tuberculosis.
